Tubercle and Lung Disease

Volume contents

Introduction 1

Editorials

Lung health and occupational disease: an actual and global problem 2
J. Chrétien

Occupational lung disease: a worldwide problem in a changing world 4
M. Schenker

Original articles

Occupational lung diseases in the industrializing and industrialized world: commonalities and contrasts: measurement tools 7
D. C. Christiani

The mineral dust diseases 13
M. R. Becklake

Diseases associated with exposure to plant dusts: focus on cotton dust 21
R. Rylander

Occupational lung diseases in the industrializing and industrialized world due to modern industries and modern pollutants 27
M. Schenker

The early bactericidal activity of rifabutin measured by sputum viable counts in Hong Kong patients with pulmonary tuberculosis 33
S. L. Chan, W. W. Yew, W. K. Ma, D. J. Girling, V. R. Aber, D. Felmingham, B. W. Allen, D. A. Mitchison

Should pulmonary tuberculosis be an AIDS-defining diagnosis in patients infected with HIV? 39
C. Perronne, A Ghoubontni, C. Leport, D. Salmon-Céron, F. Bricaire, J. L. Vildé

Cross-sectional survey of HIV infection among patients with tuberculosis in Nairobi, Kenya 45
P. Nunn, C. Gicheha, R. Hayes, S. Gathua, R. Brindle, D. Kibuga, T. Mutie, R. Kamunyi, M. Omwega, J. Were, K. McAdam

An estimate of the future size of the tuberculosis problem in sub-Saharan Africa resulting from HIV infection 52
M. Schulzer, J. M. Fitzgerald, D. A. Enarson, S. Grzybowski

A controlled study of rifabutin and an uncontrolled study of ofloxacin in the retreatment of patients with pulmonary tuberculosis resistant to isoniazid, streptomycin and rifampicin 59
Hong Kong Chest Service/British Medical Research Council

Introduction

Editorials

Tuberculosis forgotten? 69
D. Enarson

Tubercle 1919–1991 71
K. P. Goldman

Original articles

Microepidemics of tuberculosis: the stone-in-the-pond principle 73
J. Veen

Deaths in tuberculosis patents in British Columbia, 1980–1984 77
H. J. Xie, D. A. Enarson, C. W. Chao, E. A. Allen, S. Grzybowski

Rising case fatality of bacteriologically proven pulmonary tuberculosis in The Netherlands 83
G. de Meer, H. A. van Geuns

Sensitivity to PPD tuberculin and *M. scrofulaceum* sensitin in schoolchildren BCG vaccinated at birth 87
M. Tala-Heikkila, T. Nurmela, O. Misljenovic, M. A. Bleiker, E. Tala

Determinants of tuberculin sensitivity in a child population covered by mass BCG vaccination 94
T. K. Young, S. Mirdad

A comparative serological study of antigenic glycolipids from *Mycobacterium tuberculosis* 101
M. Ridell, G. Wallerström, D. E. Minnikin, R. C. Bolton, M. Magnusson

Primary and acquired drug resistance in adult black patients with tuberculosis in South Africa: results of a continuous national drug resistance surveillance programme involvement 106
K. Weyer, H. H. Kleeberg

High rate of rifampicin resistance of *Mycobacterium tuberculosis* in the Taif region of Saudi Arabia 113
J. S. Jarallah, A. K. Elias, M. S. Al Hajjaj, M. S. Bukhari, A. H. M. Al Shareef, S. A. Al-Shammari

Activity of two long-acting rifamycins, rifapentine and FCE 22807, in experimental murine tuberculosis 116
J. Dhillon, J. M. Dickinson, J. A. Guy, T. K. Ng, D. A. Mitchison

Book review 125

Letter to the editor 126

Editorial
Lung health: a global struggle 127
J. Chrétien

Original articles
Skin testing with recombinant *Mycobacterium intracellulare* antigens 129
S. L. Morris, J. C. Mackall, A. Malik, D. A. Rouse, S. D. Chaparas

In vitro activity of meropenem and imipenem against mycobacteria: development of a daily antibiotic dosing schedule 134
B. Watt, J. R. Edwards, A. Rayner, A. J. Grindey, G. Harris

The humoral immune response after BCG vaccination: an immunoblotting study using two purified antigens 137
A. Drowart, J. Selleslaghs, J-C. Yernault, C. Valcke, J. De Bruyn, K. Huygen, C-M. Farber, J-P. Van Vooren

Occurence of mycobacteria in biofilm samples 141
R. Schulze-Röbbecke, B. Janning, R. Fischeder

Proposal of an improved score method for the diagnosis of pulmonary tuberculosis in childhood in developing countries 145
G. B. Migliori, A. Borghesi, P. Rossanigo, C. Adriko, M. Neri, S. Santini, A. Bartoloni, F. Paradisi, G. Acocella

The impact of changing BCG coverage on tuberculosis incidence in Swedish-born children between 1969 and 1989 150
V. Romanus, Å. Svensson, H. O. Hallander

Tuberculosis control programme in Beijing 162
L-X. Zhang, G-Q. Kan

Early diagnosis of tuberculosis by fibreoptic bronchoscopy 167
H. Fujii, J. Ishihara, A. Fukaura, N. Kashima, H. Tazawa, H. Nakajima, H. Ide, T. Takahashi

Defaults, defaulter action and retrieval of patients during studies on tuberculous meningitis in children 170
Padma Ramachandran, R. Prabhakar

An unusual presentation of oesophageal tuberculosis 174
S. P. Gupta, A. Arora, D. K. Bhargava

The medical treatment of a tuberculosis tracheo-oesophageal fistula 177
Jung Hee Lee, Dong Ho Shin, Kyung Won Kang, Sung Soo Park, Dong Hoo Lee

Editorial
Misbehaviour of a dying epidemic: a call for less speculation and better surveillance 181
H. L. Rieder

Original articles
Anti-tobacco measures in the world: the French case 184
A. Hirsch, K. Slama

Humoral response to *Mycobacterium tuberculosis* in patients with human immunodeficiency virus infection 187
L. Barrera, I. de Kantor, V. Ritacco, A. Reniero, B. López, J. Benetucci, M. Beltrán, O. Libonatti, E. Padula, J. Castagnino, L. González Montaner

In vitro, in vivo, and intracellular chemotherapeutic activity of B746, a clofazimine analogue against *Mycobacterium avium* complex 192
P. R. J. Gangadharam, D. Asthekar, J. F. O'Sullivan

HIV-related tuberculosis in England and Wales 200
M. Nisar, M. Narula, N. Beeching, P. D. O. Davies

Cohort study of HIV-positive and HIV-negative tuberculosis, Nairobi, Kenya: comparison of bacteriological results 203
W. Githui, P. Nunn, E. Juma, F. Karimi, R. Brindle, R. Kamunyi, S. Gathua, C. Gicheha, J. Morris, M. Omwega

Heaf status 12 years after infant BCG immunization 210
C. Teale, D. B. Cundall, S. B. Pearson

Tuberculosis infection in a rural population of south India: 23-year trend 213
A. K. Chakraborty, K. Chaudhuri, T. R. Sreenivas, M. S. Krishna Murthy, A. N. Shashidhara, R. Channabasavaiah

Drug resistence of *Mycobacterium tuberculosis* in Korea 219
S. J. Kim, Y. P. Hong

Analysis of case-finding process of tuberculosis in Korea 225
T. Mori, T. Shimao, Byoung Won Jin, Sung Jin Kim

Liver transplantation: an unheralded probable risk for tuberculosis 232
J. L. Salizzoni, P. Tiruviluamala, L. B. Reichman

Tuberculosis pyomyositis in a renal transplant recipient 239
R. Indudhara, S. K. Singh, M. Minz, R. V. S. Yadav, K. S. Chugh

Correspondence 242

Erratum
An estimate of the future size of the tuberculosis problem in sub-Saharan Africa resulting from HIV infection 246
M. Schulzer, J. M. Fitzgerald, D. A. Enarson, S. Grzybowski

Editorials
The mystery of the mycobacterial 'persistor' 249
J. M. Grange

Review article
Theoretical and methodological aspects of BCG vaccine from the discovery of Calmette and Guérin to molecular biology. A review 252
L. Lugosi

Original articles
A comparative study of the polymerase chain reaction and conventional procedures for the diagnosis of tuberculous pleural effusion 262
D. de Wit, G. Maartens, L. Steyn

Virulence of *Mycobacterium tuberculosis* for guinea pigs: a quantitative modification of the assay developed by Mitchison 268
V. Balasubramanian, W. Guo-Zhi, E. Wiegeshaus, D. Smith

Studies on cell-wall deficient non-acid fast variants of *Mycobacterium tuberculosis* 273
S. Chandrasekhar, S. Ratnam

No association or linkage with HLA-DR or -DQ genes in South Indians with pulmonary tuberculosis 280
C. B. Sanjeevi, P. R. Narayanan, R. Prabakar, N. Charles, B. E. Thomas, R. Balasubramaniam, O. Olerup

Tuberculosis and HIV infection association in a rural district of Northern Uganda: epidemiological and clinical considerations 285
G. B. Migliori, A. Borghesi, C. Adriko, V. Manfrin, S. Okware, W. Naamara, A. Bartoloni, M. Neri, G. Acocella

Effect of birth season on case fatality rate of pulmonary tuberculosis: coincidence or causality? 291
T. Miura, H. Kawana, K. Karita, T. Ikegami, T. Katayama

Day-to-day experience
The supply of antituberculosis drugs and national drugs policies 295
P. Chaulet

Correspondence 305

Review article
HIV-associated tuberculosis in developing countries: epidemiology and strategies for prevention 311
J. P. Narain, M. C. Raviglione, A. Kochi

Original articles
Mass miniature X-ray screening for tuberculosis among immigrants entering Switzerland 322
L. Bonvin, J. P. Zellweger

Good concordance between two batches of new tuberculin in the Mantoux test 326
J. L. Stanford, M. Tala-Heikkilä

Comparative study of skin testing with PPD and new tuberculins by the WHO Mantoux test 330
M.Tala-Heikkilä, E. Lemma, J. L. Stanford

Isoelectric focusing patterns of β-lactamases in the rapidly growing mycobacteria 337
Y. Zhang, R. J. Wallace Jr, V. A. Steingrube, B. A. Brown, R. Nash, A. Silcox, M. Tsukamura

Day-to-day experience
Tuberculosis surveillance and evaluation system in Portugal 345
T. Serra, A. Salema, H. Lopes, M. L. Antunes

Childhood tuberculosis and tuberculous meningitis: high incidence rates in the Western Cape of South Africa 349
S. Berman, A. Kibel, P. B. Fourie, M. Strebel

Comparative antigenic analysis of *Mycobacterium avium* complex (MAC) isolates from AIDS patients 356
G. Deshpande, M. B. Khan, G. Navalkar

Mycobacterial lymphadenitis in Western Australia 362
S. C. Pang

Lymph node tuberculosis: 7-year experience in Veterans General Hospital, Taipei, Taiwan 368
Yuh-Min Chen, Pui-Yuen Lee, Wei-Juin Su, Reury-Perng Perng

Case-control study of the efficacy of BCG immunization against pulmonary tuberculosis in young adults in Santiago, Chile 372
R. L. Sepulveda, C. Parcha, U. Sorensen

Treatment of tuberculosis in HIV infection 378
J. H. Grosset

10-year assessment of treatment outcome among Cambodian refugees with sputum smear-positive tuberculosis in Khao-I-Dang, Thailand 384
P. Sukrakanchana-Trikham, X. Puechal, J. Rigal, H. L. Rieder

Human tuberculosis due to *Mycobacterium bovis*: report of 10 cases 388
J. Sauret, R. Jolis, V. Ausina, E. Castro, R. Cornudella

Case report
Spinal infection by *Mycobacterium xenopi* in a non-immunosuppressed patient 392
M. A. A. Rhaman, V. Phongsathorn, T. Hughes, C. Bielawska

Short communication
Auricular stimulation and acupuncture as an adjuvant to an anti-smoking programme: analysis of the results of a 1-year experience 396
S. G. Ballal, Y. N. Khawaji

Correspondence 397
